SLED DOG AKC SEMINAR**

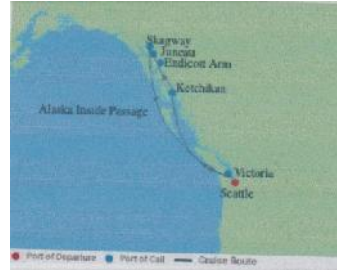

Sail in luxury on Celebrity Solstice with spacious cabins, excellent food, relaxing spa, casino, Specialty restaurants, entertainment, and speakers.

There are so many ways to explore your ports of call on an Alaska cruise. Whether you're an outdoorsy, active type or a foodie out to explore local cuisine and craft beers, Celebrity has an Alaskan shore excursion geared to your interests. Set out on an unforgettable adventure where you'll get up close and personal with 30-ton whales, zip-line through the rainforest with a visit to Mendenhall Glacier afterwards or take flight high above the snow-capped lands and glaciers.

Pristine environmental conditions make Alaska well known for its abundant wildlife. While on your Alaska cruise, try to spot the "Big 5" of Alaskan land mammals – bear, moose (the state animal), caribou, wolf, and Dall sheep. Be on the lookout for plentiful bald eagles, colorful puffins, humpback whales, orcas, and reindeer in their natural habitat, as well, so make sure you bring a pair of binoculars and a good camera.
